Tax Statements

We are always happy to help with statements; however, a great feature with LineLeader is that parents can access statements as needed as well. Statements are only available at app.momentpath.com and are not available through the app.

The following link provides directions and a video for creating statements through LineLeader. Please note to be sure you have selected your parent profile (and not a child’s profile) for the “statement” option to be available under the “transactions” tab.

Tax statements for January 1, 2024 – August 17, 2024 (prior to LineLeader) were emailed on 12/20/24. Please let us know if you need this resent.

If you ever have any trouble getting a statement, don’t hesitate to contact us. We are always happy to send a statement when needed.

Daily Notes

Parent communication is a vital part of the success of our program, as we strive to ensure you are connected to your child’s day. Our daily notes help to share what the children are learning, fun snapshots of the day, and details about meals and diapering for our toddlers. When needed, teachers will also share any concerns and how they are responding to support your child. Sharing these details in the daily note will allow conversations at pick up time, with children close by, to be focused on the positive aspects of the day. We are always happy to schedule time for a phone call or meeting if you would like to talk to your child’s teacher in more detail about any concerns. Please don’t hesitate to reach out, as our teachers and leadership team are here for you and want to ensure you feel connected to and informed about your child’s day at Little Learners.
